

CYRIL BENHAFED

Senior Data Scientist

Senior Data Scientist with 14 years of experience in analytics and predictive modeling, from industrial engineering to MLOps industrialization. Expert in deploying models with measurable impact (churn, scoring, recommender) via Databricks and CI/CD. Combining technical expertise with business acumen (pricing, economics). Data/CRM team management experience. Passionate about knowledge sharing and mentoring.

PROFESSIONAL EXPERIENCE

- Cegid**
Data Scientist 📍 2022 – Present
 - Designed and deployed predictive models (lead scoring, recommender) improving conversion and retention.
 - End-to-end industrialization: LLM/NLP workflows, open data integration, CRM automation (Databricks, MLflow).
 - Implemented MLOps best practices: CI/CD, APIs, performance monitoring.
- Cegid**
Head of Marketing Data 📍 2020 – 2022
 - Managed data/CRM team (4 people): hiring, skills development, project coordination.
 - Built predictive models for marketing optimization (churn, segmentation).
 - Led strategic CRM initiatives, aligned with marketing/sales leadership.
- Cegid**
Pricing Strategist 📍 2019 – 2020
 - Data-driven pricing strategies based on modeling and behavioral analysis.
 - Deployment and monitoring with top management, direct revenue impact.
- SNCF Connect**
Business Analyst 📍 2016 – 2018
 - Multi-market analytics lead (France + Europe) for France's #1 e-commerce site (€4B sales).
 - Financial analysis, web analytics and sales trends for strategic decision-making.
 - Cross-functional initiatives (Marketing, Sales, IT): data flow optimization, tool implementation.
- Disneyland Paris**
Industrial Engineer / Pricing Analyst 📍 2010 – 2016
 - Predictive models (call center forecasting, workflow optimization) and multi-market transport pricing strategies.
 - Field team management and Agile IT project: integrated transport requirements into system architecture.

EDUCATION

- Toulouse INP-ENSIACET**
Engineer's degree in Industrial Engineering 📍 2007 – 2010
 - Specialization in process optimization, statistics, information systems.
 - Exchange semester (University of KwaZulu-Natal, logistics & supply chain).
- CNAM**
Finance & Economics track (Bachelor + Master 1) 📍 2012 – 2015
 - Evening classes, focus on economics and financial markets.
